

## DNA LABORATORY CODES

| <b>Code</b> | <b>DNA Laboratory</b>                       | <b>Country</b>           |
|-------------|---|--------------------------|
| AUUSYD      | BOVIGEN, UNIVERSITY OF SYDNEY               | Australia                |
| AUEMAI      | Elizabeth McArthur Institute                | Australia                |
| AUPGRO      | PRIMEGRO LIMITED                            | Australia                |
| AUUQLD      | The University of Queensland (AGL)          | Australia                |
| AUGSOL      | Zoetis                                      | Australia                |
| NZMU        | EPAGSC, MASSEY UNIVERSITY                   | New Zealand              |
| NZGEMK      | GENEMARK                                    | New Zealand              |
| NZPFZR      | PFIZER, NEW ZEALAND                         | New Zealand              |
| IRWBYS      | WEATHERBYS (IRELAND)                        | Republic of Ireland      |
| ZAPFZR      | PFIZER, SOUTHERN AFRICA                     | South Africa             |
| UKGNSK      | GENESEEK (UK)                               | United Kingdom           |
| UKIGEN      | IGENITY UNITED KINGDOM                      | United Kingdom           |
| UKPFZR      | PFIZER, UNITED KINGDOM                      | United Kingdom           |
| USGNSK      | GENESEEK (USA)                              | United States of America |
| USIGEN      | IGENITY (USA)                               | United States of America |
| USIGX       | iGenix (USA)                                | United States of America |
| USPFZR      | PFIZER (USA)                                | United States of America |
|             | <b>Codes only used for Special Projects</b> |                          |
| AUSMG       | SMARTGENE PROJECT (AUUQLD)                  | Australia                |
| AUAGBU      | ANIMAL GENETICS AND BREEDING UNIT           | Australia                |
| USAUNK      | USA Unknown laboratory                      | United States of America |
| DNALAB1     | DNA Laboratory                              |                          |
